## Fishers Redevelopment Commission (“FRDC”) Background

### What is the FRDC?

The FRDC is a body of five citizens that reviews and acts on redevelopment activities as defined by Indiana Code 36-7-14. These activities can include acquiring real property; laying out and constructing public improvements such as infrastructure and parks; rehabilitating, maintaining or demolishing real property; disposing of property; and making payments required or authorized for bonds and redevelopment activities in Fishers (the “City”).

In addition, the FRDC authorizes the issuance of bonds for redevelopment districts (The “District”), in the name of the City, in anticipation of revenues of the District and to use the proceeds of such bonds to acquire and redevelop property in the Economic Development Area (“EDA”). A redevelopment commission is charged with finding ways to address areas needing redevelopment in the manner that best serves the social and economic interests of the unit and its inhabitants. They also consider the authorization of Tax Increment Financing (“TIF”) districts.

### Who are the members?

- Five citizens are appointed to be members of the FRDC. Two members are appointed by the City Council and the remaining three members are appointed by the Mayor. There is an additional non-voting member that is appointed by the Hamilton Southeastern School Board. Each member’s term is one year in length and expires on January 1 of each year. The following are the 2024 Members of the FRDC:
  - Brad Johnson (President)
  - Anderson Schoenrock (Vice President)
  - Tony Bonacuse (Secretary)
  - Damon Grothe
  - Dan Canan
  - Dawn Lang (School Board Representative)
- The daily operations of the FRDC are handled by City employees primarily from the Controller’s Department and Economic Development Department at no cost to the FRDC. The following employees are primarily responsible for FRDC functions:
  - Megan Baumgartner (Economic and Community Development Director)
  - Reid Pittard (Assistant Director of Economic Development)
  - Lisa Bradford (City Controller)
  - Lawrence Summers (Senior Controller Staff, Economic Development)

### When was it created?

The FRDC was created in March of 1989 out of a growing need for redevelopment.

## Why is it important?

The FRDC is vital to the City's development for its ability to create TIF districts to spur development activity in certain areas and to pledge TIF revenues toward the repayment of debt incurred for redevelopment purposes. The FRDC authorizes the issuance of debt in the redevelopment district. Statutory debt for the redevelopment district is based on the assessed value of the district which is the same as the City's assessed value. In addition, the FRDC acts as an oversight committee for the City to investigate, study, and select areas that need redevelopment or economic development.

## Where does the FRDC have jurisdiction?

The FRDC's jurisdiction is congruent with the City of Fishers' city limits.

## What has the FRDC done in recent history?

## Gross Assessed Value Growth (“GAV”)

Fishers has seen a steady rise in Gross Assessed Value over the past few years (refer to graph below). This growth can be explained from Fishers’ growing population as well as the expansion and redevelopment of many locations throughout the City. A portion of the AV growth has occurred in the downtown area, which is being rehabilitated into a dynamic urban center where people can eat, live, shop, and work (refer to Downtown TIF District for more detail). According to a report in 2019, the impact to overlapping districts has been far outweighed by the impact of new growth and projects to the City and areas as a whole.

## 2025 Active TIF Districts

The FRDC has created a total of 39 TIF districts and covers approximately 2,528 acres as of December 31, 2025 (Refer to the table on Page 18). The TIF revenues captured and available for use in redeveloping the associated TIF districts are based on the increase in assessed value of the area after it is established as a TIF district. TIF captures only the incremental increases in taxes for the area designated as a TIF district. Those incremental increase in taxes are considered TIF revenue. This captured revenue is then used for improvements within that TIF District or in areas that would benefit the TIF District. Below is a basic illustration of how TIF revenues are captured.

## **RE: City of Fishers Redevelopment Commission Requestion for Proposal (9011 Maynard Lane)**

On behalf of Build BW and our partner Ghoman Group, I would like to thank you and the City of Fishers for the opportunity to submit our proposal for the hotel at The Crossing at Fishers District (9001 Maynard Lane). We have structured this response directly around the City's stated priorities—design quality, timing and readiness, and financial commitment—and believe our team is uniquely positioned to deliver on each.

Design is at the forefront of our proposal. The 125-key Tempo by Hilton has been conceived as a refined, design-forward hotel that both complements and elevates the adjacent Event Center and plaza. The architecture blends modern materials and clean lines with a highly activated ground floor and rooftop experience. The program includes best-in-class event space, a rooftop pool and bar, and 21,000 square feet of fully pre-leased retail that engages the public realm throughout the day and evening.

The retail mix has been carefully curated to create a sense of place: starting with Umi, a three-story Asian fusion restaurant from the creators of Salt featuring rooftop dining; Godfather's, a pizzeria and bourbon speakeasy connected to the hotel lobby; a community staple in Hamilton County and proven gathering place in Bar Louie; and a boutique coffee bar serving both guests and visitors in Luna Negro. This collection of uses reflects the City's emphasis on thoughtful, high-quality activation and design integration within the District. The building has been designed by Ratio, a nationally recognized architect and Hilton-preferred partner with deep experience in Tempo by Hilton developments. This partnership ensures both a distinctive design and an efficient approval process with Hilton.

We understand project timing is of the essence. Our team's presence within the District allows us to deliver with certainty and speed. Our interests align with the City as BW Development is currently active on the adjacent parcel, overseeing a high-end retail project within the same master development and want to ensure exterior construction of the hotel is nearing completion at the opening of our retail project. This proximity provides immediate access to on-site personnel. Combined with Ghoman Group's extensive hospitality development and construction experience, we are positioned to transition from approval to mobilization efficiently and to maintain schedule discipline throughout delivery.

## COVER LETTER

To further support the City's goal of an expedited delivery, BW and the Ghoman Group are committing to a May 2026 groundbreaking and Summer 2027 delivery. BW Construction, Ghoman Construction, Ratio Architects, and Kimley-Horn have provided accelerated timelines for design, predevelopment, and construction. Our financing is fully committed, with multiple banking partners prepared to close at construction start. All project equity is sourced internally, allowing for a seamless path from award to execution without reliance on external fundraising.

Our proposal represents a team with proven capability, established local presence, and a shared commitment to excellence. Together, Build BW, Ghoman Group, and Ratio are prepared to deliver a hospitality project that reflects the City's ambition and further enhances the identity of The Crossing at Fishers District.

The property at 5855 Rockville Road in Indianapolis has long served as a familiar landmark for travelers visiting the city's west side. Originally opened in the late 1990s as a Comfort Inn, the hotel was strategically located near major interstates and just minutes from the Indianapolis International Airport. In 2006, the property was acquired by The Ghoman Group, marking the beginning of a new era of transformation. Recognizing the hotel's strong potential and advantageous location, the Ghoman Group implemented a comprehensive management and operations plan focused on quality improvement, guest satisfaction, and long-term sustainability. ## AESTHETICS AND VISION OF HOTEL

---

The proposed Tempo by Hilton at The Crossing at Fishers District is envisioned as a hospitality anchor that completes the City's vision for a vibrant, interconnected destination surrounding the new Event Center. This 125-key hotel delivers architectural distinction, local character, and a guest experience that strengthens Fishers' position as a premier regional hub.

Sited at the front doorstep of the new Event Center, the hotel serves as a seamless extension of both the venue and the broader Fishers District. Its design reinforces the City's goal for a cohesive, walkable destination where hospitality, entertainment, and community life intersect in a single, dynamic environment.

The program includes 21,000 square feet of fully pre-leased retail and dining, carefully curated to create activity from morning through evening. Tenants include Umi, a three-story Asian fusion restaurant from the creators of Salt; Godfather's, a pizzeria and bourbon speakeasy connected to the hotel lobby; Bar Louie, a proven regional gathering place; and Luna Negro, a boutique coffee brand. These operators activate the plaza edge and create a lively streetscape that connects the Event Center, hotel, and public space into one continuous experience.

Architecturally, the hotel mirrors the Event Center's modern, refined aesthetic while maintaining its own distinct identity. Expansive glazing at the ground floor provides transparency between interior and exterior, allowing the café, bar, and restaurants to animate the public realm. The rooftop pool and bar overlook the plaza and Event Center, creating a social landmark and a visual connection across the District.

## DESIGN NARRATIVE (CONTINUED)

Tempo by Hilton is an upscale lifestyle brand designed for the modern achiever - ambitious, well-balanced travelers who value both personal and professional growth. Each hotel features thoughtfully designed spaces, wellness-focused amenities, and flexible public areas that seamlessly support productivity, relaxation, and social connection. Interior finishes are light and timeless with accents of cooling and relaxing colors. Lighting is energetic with decorative fixtures as artistic accents.

The exterior finishes of the Fishers District Tempo Hotel are to be modern and timeless. Window wall will surround the ground floor to expose the groupings of food and beverage outlets along with the hotel entrance and passage to the plaza. Wall panels of the upper levels of the hotel are comprised of muted-colored linear brick patterns with the hotel's main body sheathed in a lightly colored stucco finish. The ground floor cap is finished with a steel wide-flange look banding to bring a bit of an industrial feel.

Window units are punched openings with integrated vertical louvers for the guestroom vertical fan coil units (VTACs). End guestroom units are elegantly clad with a curtainwall glazing system to elevate the architecture. Handrails surrounding the decks for meetings, events, and the rooftop venue will be glass with a metal cap.

Our design approach focuses on creating an experience that is both impactful and enduring. True timelessness is achieved through a balance of classic sophistication and refined simplicity - an elegance that feels effortless yet distinctive. We aim to capture that spirit in the new Tempo by Hilton at Fishers District.

## KEY COUNT & ROOM MIX

The new hotel will feature the maximum allowable 125 keys. This inventory comprises 120 traditional guest rooms and 5 suites, which collectively account for a total area of 36,447 square feet. This room area represents a significant portion of the development, specifically 39% of the entire hotel's square footage and 32% of the project's overall square footage.

## PARKING CONCEPT & INTEGRATION

The development team is flexible in its approach to parking and intends to work closely with the City to create a solution that efficiently serves hotel guests, retail patrons, and event visitors.

Based on current programming, the 125-key hotel and 21,000 square feet of retail will require approximately 320 total spaces, broken down as follows:

# PROJECT DESIGN & PROGRAMMING - PROGRAMMING BREAKDOWN

## PARKING CONCEPT & INTEGRATION (CONTINUED)

- 130 spaces for hotel guests (~1 per key)
- 130 spaces for retail use (~6 per 1,000 SF)
- 60 spaces for events and visitors

Our goal is to provide dedicated parking for both hotel and retail users while minimizing impact on public inventory. The team envisions a mix of valet and self-parking, with roughly 100 valet spaces located in the City's newly acquired Navient lot and the remaining 220 spaces dedicated around the Event Center. The valet program in the Navient lot could flex up on event nights to accommodate increased spaces non-adjacent to the Event Center.

To further align with the City's financial goals, any net income generated through parking operations—including valet and paid self-parking—will be directed into a Master Lease Reserve Fund for the City. These proceeds will be available to offset any potential master lease payments during the agreement term.

As an example of the financial impact, assuming 50% of hotel guests utilize valet or self-parking (60 cars) at an average rate of \$25 per night, the program could generate approximately \$550,000 in annual parking revenue. After accounting for an estimated 30% operating cost for valet services, this would net roughly \$400,000 per year into the City's master lease reserve fund for the duration of the agreement.

As stated, BW and the Ghoman Group are flexible and look to work with the city for a creative, self-sustaining parking solution that supports both the City's infrastructure and the financial success of the overall project.

## UMI - ELEVATED ASIAN DINING EXPERIENCE

UMI will introduce a new, locally developed Asian concept from the owners of Salt. Designed as a **three-story destination**, the restaurant features a **ground-floor sushi and small-plate dining room**, an **interior mezzanine** for private and lounge-style experiences, and a **third-floor rooftop venue** directly connected to the hotel's pool and bar. The upper level will serve light fare, cocktails, and late-night service to both guests and visitors overlooking the plaza. Modeled after successful multi-level concepts such as 3Up in Carmel, UMI will blend sophisticated design, premium ingredients, and vibrant social energy to become a defining culinary anchor within the District.

# PROJECT DESIGN & PROGRAMMING - TENANT MIX

## BAR LOUIE - LOCAL FAVORITE, ELEVATED ENERGY

Bar Louie brings one of Carmel's most popular social dining experiences to Fishers. Known for its handcrafted cocktails, scratch-kitchen menu, and upbeat atmosphere, Bar Louie is a proven crowd favorite that seamlessly shifts from relaxed daytime dining to lively evening energy. The Fishers location will build on that success with an expanded outdoor presence along the plaza, live music and event programming, and a bar design that connects directly with the hotel's street-level activation. It's approachable, social, and highly dependable—an anchor that brings life to the plaza day and night.

## PROJECT DESIGN & PROGRAMMING - TENANT MIX

### GODFATHER'S PIZZA & BOURBON LOUNGE

Godfather's will offer an elevated pizza and bourbon concept, pairing high-end artisan pizzas and charcuterie boards with a hidden, lounge-style bourbon bar. Guests will enter through a lively pizza kitchen before discovering a tucked-away speakeasy featuring dark wood finishes, soft lighting, and an extensive selection of rare bourbons and crafted cocktails. The space is designed to feel exclusive yet comfortable—perfect for hotel guests, residents, and visitors looking for a high-quality, relaxed evening experience. Its connection to the hotel lobby makes it both a destination and an integrated extension of the hotel's overall food and beverage program.

# PROJECT FINANCING & INCENTIVE REQUEST

## INCENTIVE REQUEST

---

The City's participation in the Project is structured as a performance-based public-private partnership, supported by Tax Increment Financing (TIF) and coordinated infrastructure and parking solutions. The incentive framework reflects terms already negotiated between the City and the Developer and does not include a master lease or City operating risk.

### Public Financing Structure

- The Developer will invest approximately \$50.0 million in the Hotel Project and \$2.25 million in the Lot 4 commercial component.
- The City (through the Redevelopment Commission and/or Building Corporation) will issue taxable economic development revenue bonds.
- The bonds will be:
  - Payable solely from 100% of Excess TIF generated by the Hotel Site
  - Non-recourse to the City
  - Structured for a 25-year term
  - Bond proceeds may be used for:
    - Eligible hard and soft construction costs
    - Approved bond issuance and administrative expenses
- The Developer will purchase the bonds at closing and fund all project costs not covered by bond proceeds.

### City Contributions

- Pledge of 100% of Excess TIF from the Hotel Site to bond repayment
- Waiver of applicable City impact fees
- Conveyance of project sites to the Developer

### Parking & Event Coordination

Parking is a critical component of the Project and the surrounding Event Center district. The Project Agreement contemplates ongoing coordination between the City and Developer to ensure efficient, event-responsive parking operations, including:

- Collaboration between the City and Developer on parking management in and around the Event Center, including policies to limit overnight parking in surface lots surrounding the Event Center during peak event periods.
- Construction of a public parking garage, funded as part of the overall development:
  - Garage will be paid for by Developer but owned by the City
  - A defined number of parking spaces will be deeded or contractually reserved for the Developer
  - 150 parking spaces will be reserved for the Event Center on event nights
- Coordination of traffic operations and access controls, including:
  - "Fast-pass" or priority access into the Event Center garage during events
  - Traffic flow coordination to minimize congestion adjacent to the hotel

# PROJECT FINANCING & INCENTIVE REQUEST

- Inclusion of multiple valet drop-off and pick-up locations immediately adjacent to the hotel development to support hotel guests, event patrons, and premium users.

This coordinated parking approach is intended to:

- Support hotel operations
- Enhance Event Center functionality
- Reduce congestion
- Maximize public infrastructure efficiency without City operating exposure

## Performance-Based Structure

All public participation is:

- Performance-based
- Triggered by construction commencement and project completion
- Supported entirely by new incremental tax revenue generated by the Project
- The City assumes no operating risk, and no guarantees related to hotel occupancy, revenues, or performance are provided.

***NOTE: See Confidential Response for a detailed sensitivity analysis of City funding and risk mitigation***

(b) due to (i) a continuing Event of Default by Developer, (ii) after expiration of the Diligence Period, failure of Developer to satisfy the conditions included in Section 7(a) through 7(g) and 7(i), or (iii) failure of Developer to comply with the representations and warranties included in Sections 10(b) or (c), then Developer shall reimburse the City for its Incurred Costs.

(c) If this Agreement is terminated for any reason other than those set forth above, then each party shall be responsible for paying its own costs and expenses.

(d) Any reimbursement or action required under this Section 9 shall be paid or performed, as applicable, by such party within thirty (30) days after receipt of written invoice or notice therefor, together with reasonable evidence supporting the amount set forth in such invoice.

In support of the affidavit, Developer shall provide the City with documentation that it has enrolled and is participating in the E-Verify program if it has employees. This Agreement shall not take effect until said affidavit is signed by Developer and delivered to the City's authorized representative if Developer has employees. Developer states that it does not currently have employees.

(d) Master Development Plan. The City represents that the completion of the Project is consistent with, a part of, and will assist it in fulfilling its Master Development Plan.

## **11. Allocation Areas and Pledged Increment; Bonds Structure.**

(a) Pledged Increment. Subject to all procedures required by the Laws and the terms and conditions of this Agreement and prior to Closing for the Bond, the City Bodies shall pledge: (i) the Pledged Increment to the repayment of the Bonds, and (ii) the Taxpayer Payments to the repayment of the Bonds. The foregoing pledges will remain effective for the Bond Term.

(b) Costs of Issuance and Administrative Fees. Developer shall be solely liable for all Closing Costs, which amounts shall be paid from Bond Proceeds, and, subject to Section 11, Bond Proceeds shall additionally be used to pay Continuing Bond Costs.

(c) Bond Structuring. The Bonds may be structured in one or more series to support the Project and will be (i) payable solely from Pledged Increment, (ii) issued on a taxable basis, and (iii) utilized to finance the Project

**12. Plan Refinement Process.** For the Project, Developer shall prepare and submit the Final Documents and Drawings to the City as part of the Plan Refinement Process. While City may provide written comments to Developer regarding the Final Documents and Drawings, City's rights to approve the Final Documents and Drawings shall be consistent with its rights under applicable City process(es) for zoning and the Required Permits.

**13. Inspections.** City shall have inspection rights to ensure compliance by Developer with Zoning, the Required Permits, and as otherwise permitted by the Laws.

**14. Default.**

(a) Events of Default. It shall be an "Event of Default" if either Party fails to perform or observe any term or condition of this Agreement to be performed or observed by it, if such default or failure is not cured within the applicable Cure Period.

(b) General Remedies. During the continuance of an Event of Default, the non-defaulting party may take whatever actions at law or in equity are necessary or appropriate to: (i) collect any payments due under this Agreement; (ii) protect the rights granted to the non-defaulting party under this Agreement; (iii) enforce the performance or observance by the defaulting Party of any term or condition of this Agreement (including, without limitation, the right to specifically enforce any such term or condition); or (iv) cure, for the account of the defaulting party, any failure of the defaulting party to perform or observe a material term or condition of this Agreement to be performed or observed by it.

(c) No Remedy Exclusive; Limitation. No right or remedy herein conferred upon, or reserved to, a non-defaulting party is intended to be exclusive of any other available right or remedy, unless otherwise expressly stated; instead, each and every such right or remedy shall be cumulative and in addition to every other right or remedy given under this Agreement or now or hereafter existing at law or in equity. No delay or omission by a non-defaulting party to exercise any right or remedy upon any Event of Default shall impair any such right or remedy, or be construed to be a waiver thereof, and any such right or remedy may be exercised from time to time, and as often as may be deemed to be expedient. To entitle a non-defaulting party to exercise any of its rights or remedies, it shall not be necessary for the non-defaulting party to give notice to the defaulting party, other than such notice as may be required by this Agreement or by the Laws. In no event shall any party hereunder be liable to the other for punitive or consequential damages as a result of an Event of Default by such party. In the event either party hereto employs an attorney in connection with Claims by one party against the other arising from the operation of this Agreement, the non-prevailing party shall pay the prevailing party all reasonable fees and expenses, including attorneys' fees, incurred in connection with such Claims. The term "prevailing party" as used in this Agreement shall include, but not be limited to, a party who obtains legal counsel or brings an action against the other by reason of the other's breach or default and obtains substantially the relief sought whether by compromise, mediation, settlement, judgment or otherwise.

## **15. Special Remedies.**

(a) No Commencement. Subject to Force Majeure and after offering in writing to meet with Developer to discuss Developer's failure to commence, if Developer has not Commenced Construction of the Project within sixty (60) days of Closing (provided that this shall only be applicable to the extent the City enters into the Right of Entry Agreement with the Developer on or before May 30, 2026) then, at any time until Developer has Commenced Construction of the Project, City may elect, in addition to any other legal and equitable remedies available to City, to (1) unilaterally terminate this Agreement; and (2) re-enter the Project Site and exercise its Power of Termination and cause title to such Project Site to vest in the RDC, without any liability or obligation to Developer. The Power of Termination and foregoing rights shall be deemed exercised upon delivery to Developer of written notice delivered at any time after the applicable Failure To Commence Date but prior to the time that Developer has Commenced Construction of the Project. Upon delivery of such notice to Developer, Developer shall surrender possession of the Project Site to RDC and title to the Project Site(s) shall automatically, and without further action, vest in the RDC; provided, however, if title to the property cannot automatically vest in the RDC, Developer acknowledges and agrees that it shall execute a limited warranty deed and take all other required action under the Laws or by the Title Insurer to reconvey the Project Site to the RDC. Any such re-vesting shall be free and clear of any and all encumbrances, liens, mortgages, easements, agreements, and other matters of record other than those existing immediately prior to Closing. No delay or failure by City Bodies to enforce any of the covenants, conditions, reservations and rights contained in this Section 11(a) or to invoke any available remedy with respect to an Event of Default by Developer shall under any circumstances be deemed or held to be a waiver by City Bodies of the right to do so thereafter, or an estoppel of City Bodies to assert any right available to it upon the occurrence, recurrence or continuation of any violation or violations hereunder. For clarification, the Power of Termination included in this Section 15(a) shall only apply to the extent the City has entered into the Right of Entry Agreement on or before May 30, 2026. In the event of a termination of this Agreement pursuant to this Section 15(a), all due diligence and consultant work paid for by the Developer (including plans, renderings and related materials) shall be deemed Developer intellectual property and may not be shared by the City with third parties without written consent from the Developer.

(b) Work Stop. After Developer has Commenced Construction, subject to Force Majeure, if all construction work of a material nature ceases with respect to the Project for a period of at least one hundred twenty (120) consecutive days or for more than a total of two hundred (200) days during any three hundred sixty (360) day period, then, at any time until construction work of a material nature resumes and is continuing, City may elect, in addition to any other legal and equitable remedies available to City, to (i) unilaterally terminate this Agreement with respect to the Project; (ii) re-enter the Project Site and exercise its Power of Termination and cause title to the Project Site to vest in RDC, without any liability or obligation to Developer. Subject to the foregoing, the Power of Termination and foregoing rights shall be deemed exercised upon delivery to Developer of notice prior to material resumption of the construction work. Such notice together with evidence of remittance of the Divestiture Payment to Developer may be recorded by RDC

contemporaneously with, or at any time after, its delivery of such notice and payment to Developer. Upon delivery of such notice and payment, if applicable, Developer shall surrender possession of the Project Site to RDC and title to the Site shall automatically and without further action of the Parties' vest in RDC; provided, however, if title to the property cannot automatically vest in the RDC, Developer acknowledges and agrees that it shall execute a limited warranty deed and take all other required action under the Laws or by the Title Insurer to convey the Project Site to the RDC. Any such vesting of shall be free and clear of any, and any and all encumbrances, liens, mortgages, easements, agreements, and other matters of record other than existing immediately prior to Closing. No delay or failure by City Bodies to enforce any of the covenants, conditions, reservations and rights contained in this Section 11(b), or to invoke any available remedy with respect to an Event of Default by Developer shall under any circumstances be deemed or held to be a waiver by City Bodies of the right to do so thereafter, or an estoppel of City Bodies to assert any right available to it upon the occurrence, recurrence of continuation of any violation or violations hereunder.

(c) Failure To Timely Complete. Developer acknowledges and agrees that time is of the essence and accordingly, for and in additional consideration for the City Bodies entering into this Agreement and completing the City Obligations, Developer hereby agrees, subject to Force Majeure, to pay \$550.00 per day beyond September 30, 2027 until Substantial Completion of the Project is achieved, for any delay in reaching Substantial Completion of the Project on or before September 30, 2027, which amount(s), in the aggregate, represents a reasonable estimate of loss to the City Bodies and not a penalty. For clarity, the \$550 per day would begin to accrue on October 1, 2027 in the event Substantial Completion of the Project has not been achieved on or before September 30, 2027, and the \$550 per day amount would be calculated based upon days beyond September 30, 2027 until Substantial Completion of the Project is achieved, and as an example, in the event the Project does not achieve Substantial Completion until October 5, 2027 the Developer would owe \$2,750 (\$550/day X 5 days beyond September 30, 2027 = \$2,750).

**16. Indemnification.** Developer shall indemnify and hold harmless City Bodies from and against any and all Claims arising from or connected with: (i) breaches by Developer under contracts to which Developer is a party, to the extent that such contracts relate to the performance of any work on the Project Site by Developer or any party acting by, under, through, or on behalf of Developer; (ii) injury to, or death of, persons or loss of, or damage to, property, suffered in connection with performance of any work on the Project Site by Developer or any party acting by, under, through, or on behalf of Developer; (iii) the negligence or willful misconduct of Developer or any party acting by, under, through, or on behalf of Developer; and (iv) the breach by Developer of any term or condition of this Agreement.

Notwithstanding anything to the contrary set forth herein, City Bodies' and Developer's obligations under this Section shall survive the termination of this Agreement.

## **17. Assignment.**

(a) Upon Closing, this Agreement shall run with the Project Site and shall be binding on successors in title to the Project Site. Prior to Substantial Completion of the Project, Developer shall not assign this Agreement without the approval of the City, and the City Bodies shall not assign this Agreement without the prior written approval of Developer; provided that: (i) without the prior written approval of Developer, City Bodies may assign this Agreement to another agency or instrumentality of the City that legally is able to perform the respective obligations hereunder; and (ii) without the prior written approval of City, Developer may assign, partially or in its entirety, this Agreement to (A) a third party controlling, controlled by or under common control with Developer and/or any subsidiary or affiliate of Developer that has full power, authority, and capability to accept such assignment and perform the obligations of Developer hereunder; or (B) collaterally assign this Agreement (or portion hereof) to a Project Lender.

(b) Notwithstanding any assignment permitted under this Section, the applicable City Bodies or Developer, as the case may be, shall remain liable to perform all of the terms and conditions to be performed by it under this Agreement, and the approval by the other party of any assignment shall not release any City Bodies or Developer, as the case may be, from such performance; provided that, if any City Body assigns this Agreement to another agency or instrumentality of the City that: (i) has full power and authority to accept an assignment of this Agreement and carry out the respective obligations hereunder, and (ii) expressly assumes all such obligations in writing; then the applicable City Bodies shall be released from liability under this Agreement for all obligations to be performed after the date of such assignment and assumption. Notwithstanding any provision in this Agreement the contrary, upon an assignment in strict compliance with this Agreement by Developer of its rights and obligations in respect of the Project no other assignee of Developer shall have any responsibility for any obligations of Developer other than those expressly assumed by any such assignee.

**18. Notice.** Any notice required or permitted to be given by any party to this Agreement shall be in writing, and shall be given (and deemed to have been given) when: (a) delivered in person to the other party; (b) three (3) days after being sent by U.S. Certified Mail, Return Receipt Requested; or (c) the following business day after being sent by national overnight delivery service, with confirmation of receipt, Lindsey Bennett, City Attorney with copies (via email, only) to: Jennifer Messer, jennifermesserlaw@gmail.com; and to Developer, \_\_\_\_\_ (\_\_\_\_\_.com), with copies (via email, only) to: \_\_\_\_\_ (\_\_\_\_\_.com). Each of the Parties may change its address for notice from time to time by delivering notice to the other party as provided above.

**19. Authority.** Each undersigned person executing this Agreement on behalf of the City, Building Corp., RDC and Developer represents and certifies that: (a) he or she has been empowered and authorized by all necessary action of the City, Building Corp., RDC, or Developer, respectively, to execute and deliver this Agreement; (b) he or she has full capacity, power, and authority to enter into and carry out this Agreement; and (c) the execution, delivery, and performance of this Agreement duly have been authorized by the City, Building Corp., RDC, and Developer, respectively; provided, however, each of the City's, Building Corp. and RDC's ability to perform

under this Agreement is subject to completion of certain procedures required by Laws which the City, Building Corp. and RDC agree to undertake with diligence and in good faith.

**20. Force Majeure.** Notwithstanding anything to the contrary set forth herein, if any Party is delayed in, or prevented from, observing or performing any of its obligations (other than the obligation to pay money, including any payment required pursuant to the Taxpayer Agreement (if required by Developer) under, or satisfying any term or condition of, this Agreement as a result of Force Majeure, then: (a) the party asserting Force Majeure shall deliver written notice to the other party; (b) such observation, performance, or satisfaction shall be excused for the period of days that such observation, performance, or satisfaction is delayed or prevented; and (c) the deadlines for observation, performance, and satisfaction, as applicable, shall be extended for the same period.

**21. Merger.** All prior agreements, understandings, and commitments with respect to the transaction contemplated herein are hereby superseded, terminated, and merged herein, and shall be of no further force or effect. Absent an amendment to, or modification of, this Agreement in accordance with this section, in no event shall City Bodies be obligated to perform any work, incur any expenses, or provide any incentives (whether with respect to the Project Sites, the Projects, or any site or improvements adjacent to, or in the vicinity of, the Project Sites) other than as specifically set forth in this Agreement. This Agreement may be amended or modified only by written instrument executed by City Bodies and Developer.

**22. Miscellaneous.** Subject to Section 17, this Agreement shall inure to the benefit of, and be binding upon, City Bodies and Developer, and their respective successors and assigns. This Agreement may be signed in one or more counterparts, each of which shall constitute one and the same instrument. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Indiana. All proceedings arising in connection with this Agreement shall be tried and litigated only in the state courts in Hamilton County, Indiana, or the federal courts with venue that includes Hamilton County, Indiana. Developer waives, to the extent permitted under applicable law: (a) the right to a trial by jury; and (b) any right Developer may have to: (i) assert the doctrine of “forum non conveniens”; or (ii) object to venue. This Agreement may be modified only by a written agreement signed by the City, Building Corp., RDC, and Developer. All Exhibits to this Agreement are attached hereto and incorporated herein by reference. Time is of the essence in this Agreement. If any provision of this Agreement or application to any party or circumstances shall be determined by any court of competent jurisdiction to be invalid and unenforceable to any extent, the remainder of this Agreement or the application of such provision to such person or circumstances, other than those as to which it is so determined invalid or unenforceable, shall not be affected thereby, and each provision hereof shall be valid and shall be enforced to the fullest extent permitted by law; provided that, in lieu of such invalid or unenforceable provision, there will be added to this Agreement a provision as similar to the invalid or unenforceable provision as is possible to reflect the intent of the Parties and still be valid and enforceable. The captions in this Agreement are inserted only as a matter of convenience and for reference and in no way define, limit, or describe the scope of this Agreement or the scope or content of any of its provisions. Nothing contained in this Agreement shall be construed to create a partnership, employment relationship or joint venture between Developer, the City, Building Corp., and RDC or their successors in interest. Unless otherwise specified, in computing any period of time described

herein, the day of the act or event after which the designated period of time begins to run is not to be included and the last day of the period so computed is to be included, unless such last day is a Saturday, Sunday or legal holiday for national banks in the City, in which event the period shall run until the end of the next day which is neither a Saturday, Sunday, or legal holiday.

**23. Execution of Agreement.** Upon City Bodies' approval and execution of this Agreement, the City shall provide to Developer the executed Agreement (the "City-Executed Agreement"). Within ten (10) days of Developer's receipt of the City-Executed Agreement, Developer shall execute this Agreement and provide the City a copy of such fully executed Agreement.
